HOW TO MAKE
400+ CRYPTOGRAPHERS
APPRECIATE YOUR CREATIVITY

One option is

- To write a good paper and get it published at CRYPTO

However

- It is likely many cryptographers will miss your result

A different approach:

- Submit your shirt design to Crypto 2014 General Chair
  sasha@gatech.edu
- The winner will get
  - his/her work appreciated and/or used by **every** Crypto 2014 attendee
  - An extra shirt in a size of winners choice
  - Or even a better gift
